ZOO RULES

We ask that all people at our Zoo keep in mind that they are guests in our resident animals' homes. While the following is a list of some specific expectations, it is by no means exhaustive.

- Chaperones must be with students at all times and managing their behavior.
- Please do not feed any animal, including the native wildlife that find refuge on our campus. All of our animal residents eat food specifically formulated for them; anything you feed them could make them severely ill.
- Please do not throw any objects into animals' habitats. Even seemingly harmless objects can be harmful or fatal if ingested.
- Please do not yell at, scream at, tease, or harass any animal, and do not hit or bang on the glass of their habitat. This is disrespectful and causes undue stress to the animal.
- Stay behind all guard rails and barriers. They are there to protect you and the animals. Do not lean over the rails to take photos.
- Please do not use flash photography. It can be very disturbing for many animals.
- You may take photos or videos of the animals and campus for personal use, but permission is required for all photos or video filmed for commercial purposes and must be obtained in advance from the Zoo's Administration Office at 200 Goold St. Racine WI 53402.
- Please wear proper attire, including shirts and shoes, when you visit.
- Roller skates or roller blades, skateboards, scooters, Heelies, bicycles, and similar items are not permitted at the Racine Zoo.
- For the safety of our animal residents, footballs, basketballs, baseballs, soccer balls, and similar items are not permitted on Zoo grounds.
- Only service animals are allowed on Zoo grounds. Please leave your pets and emotional support animals at home or with a trusted caretaker.
- Per Racine Municipal Ordinance 70-79, no persons except for police officers and other law enforcement officers are permitted to carry any firearm onto the Zoo campus.
- Trash receptacles and recycling bins are located throughout the Zoo so you can leave the grounds the way you found them, and help keep the Lake Michigan shoreline clean.

Please be sure to share these rules with all participants, students, and chaperones prior to your visit. Failure to follow these rules may result in your group being asked to leave.
