

Senior Safari Programs

Have the Racine Zoo visit your senior living facility for an unforgettable up close encounter with animals. These 45-minute educational programs provide seniors the opportunity to meet four of the Zoos animal ambassadors, with some animals even able to be touched. We have over 30 animals that can visit your facility for these programs, and we are sure there are animals that will peak everyone's interest. These enriching experiences also allow seniors the opportunity to share their encounters with animals.

Senior Safari Pricing: For any size audience

Senior Safari Programs Available

Animals of the World

Meet animals found all over the world up close, and uncover the challenges these animals face in their day to day lives. Learn how they are well adapted to survive in the habitats they live in and dive into what can be done to protect them. Share your animal experiences with others.

Wild Wisconsin

Explore native wildlife, meeting animals up close that can be found in our own backyards. Learn how these animals are able to survive in an ever-changing environment and share your encounters with wildlife in our area.

Build Your Own Program

Our trained conservation education staff are ready and willing to help build a custom program for your facility. Please note that a three-week minimum is needed for this option. We will work with you to develop a program for your group's specific needs. Depending on the program built, live animals and animal artifacts may be used. Additional fees may apply in addition to the regular animal program cost.
